Hi Stuart

We just wanted to say thank you for the beautiful food for our wedding on the 3rd July. Everthing was absolutely perfect. We loved it and most of all- our guests were raving about every dish. I have had a couple of people ask for your details so you never know! I'll tell you now though- if we ever need a catering service again, we will definately be using your company.

p.s. is there any chance of getting the recipe for the asparagus tart you did especially for us? I would like to try and make it myself!

If you ever need a recommendation just call- or use what I have written above.

Thanks again for making our day!

Nicki and Nick Fagan
