14th March 2006

Dear Phil,

What can I say – a huge 'thank you' to you and your very professional staff involved with HOSDB 2006. Your attention in fulfilling all aspects concerning this contract was delivered with a quiet authority, competence and skill. Your innovative suggestion of providing a carvery service for our restaurant was a tremendous success and very well received by our exhibitors and visitors. Employing someone of your obvious experienced allowed me to work on other aspects of this event without having to allocate time and effort in overseeing this important area.

I thank you all again and look forward to working together on future events.

With kindest regards

Toni
